(C) Per our conversation, Karen Tramontano of Blue Star Strategies requested a meeting to discuss with U/S Novelli USG remarks alleging Burisma (Ukranian energy company) of corruption. She noted that two high profile U.S. citizens are affiliated with the company (including Hunter Biden as a board member). Tramontano would like to talk with U/S Novelli about getting a better understanding of how the U.S. came to the determination that the company is corrupt. According to Tramontano, there is no evidence of corruption, has been no hearing or process, and evidence to the contrary has not been considered. Would appreciate any background you may be able to provide on this issue and suggested TPs for U/S Novelli’s meeting.

Thanks!
